Professional Summary

Highly skilled Python developer with 2+ years of experience in designing, developing, and deploying robust and scalable applications. Proficient in utilizing Python frameworks like Django and Flask to create efficient web solutions. Skilled in leveraging Python libraries for data analysis, machine learning, and automation. Experienced in collaborating with cross-functional teams to deliver tailored solutions that meet business objectives. Strong problem-solving abilities and a keen eye for detail, ensuring high-quality code and optimal performance. Excellent communication skills and a passion for staying up to date with the latest trends and advancements in the Python ecosystem. Committed to delivering innovative solutions that drive productivity, efficiency, and user satisfaction.

Skills

- HTML
 - Node.js
 - JavaScript
 - JQuery
 - React
 - CSS
 - Python
 - Bootstrap
-

Experience

Python Developer
India Tech

May 2022 - Current

- Developed an advanced fraud detection system using Python and machine learning algorithms.
- Integrated with payment platforms to analyse real-time transactional data for fraud detection and prevention.
- Engineered features and utilized data preprocessing techniques to improve accuracy in identifying fraudulent activities.
- Implemented anomaly detection algorithms to flag suspicious transactions for further investigation.
- Collaborated with a cross-functional team to refine models and adapt to emerging fraud patterns.

Front End Developer
HCL Tech

Mar 2021 - Mar 2022

- Developed membership, event, and legal platform technology solutions, and automated internal processes
 - Designed and implemented web applications along with 3rd-party software integrations as a web team liaison for all inter-departmental and customer-facing projects
 - Created non-technical descriptions of operations and workflow to enable non-coding team to function with minimal interruption
 - Created new documentation for Material UI that prevented the need for a 3-week on-boarding course.
-

Education

Bachelor of Technology : Electrical Engineering
Bikaner Technical University

Aug 2022
